## Water Well Project

This school year, the youth have decided to have a year-long service project. We are going to raise money to fund a water well in Africa. There are many communities of people that do not have clean drinking water or have to walk miles and miles every day to reach clean water. Come to UMYF on August 16 to hear more about the project and our plans to raise the funds!

## Service Projects

### June/July—

I hope that you will take some time to read in the Street Scene all about the youth trip to San Antonio by Chris Davis. It was a very meaningful trip to many! You can check out the pics on the blog:
